

## I WOMAN

I  
a woman  
alone  
having been  
swept off  
by  
gusty winds

I am humanity  
as one  
I incorporate  
within  
aspirations  
and love

In one man's  
arms  
to be held  
and  
walk together  
side by side

Protecting  
each other  
from fierce winds  
together  
fighting against annihilation  
of human life

Feel  
the tremors  
of  
one's heart  
and know them  
to be  
for all "others".
