Hi there.

Are you a woman?

If you said yes to any of the above questions, it can mean just one thing:

Opportunities for intercourse are in critically short supply!

Sure, a guy might reveal that he **feels like makin' love**. But to whom? You've got your fingers crossed that it's **To. You.**

And that's what makes this explosive collection of songs so special. Every one of these hits is directed at you—a woman.
