

SO COMPLETELY HAPPY By AB

Laughter spilling out the mouth
Like water flowing
Splashing pebbles in the pond
Watching widening circles
I can't help but smile
When I think of contentment
Knowing I am blessed
Through hard and difficult times
Deep faith weathered many storms
Soaking in the joy
Like sun rays sprinkling white light
Over grass swaying
The winds dancing through the fields
As birds chirp merrily
Faith has been my strength
In the worst of times, standing
Stilled and capable
Like a mountain made of rock
Oceans waves don't shake it
Problems can't stop it
Hard and difficult times won't
Like a shadow it clings
Never leaving you alone
Nerves and will of steel
The next time I fall
I'll get up quickly
I know to hold to His Hand
And whether I sink or swim
God holds me tightly
