

2/11 Embryo transfer day

Her car's also buried, so I shovel it out too.

Our embryo scores  
give us reason to  
be hopeful.

Number of embryos	Grade
2	A/A
1	B/A
1	B/B
1	C/B
1	C/D

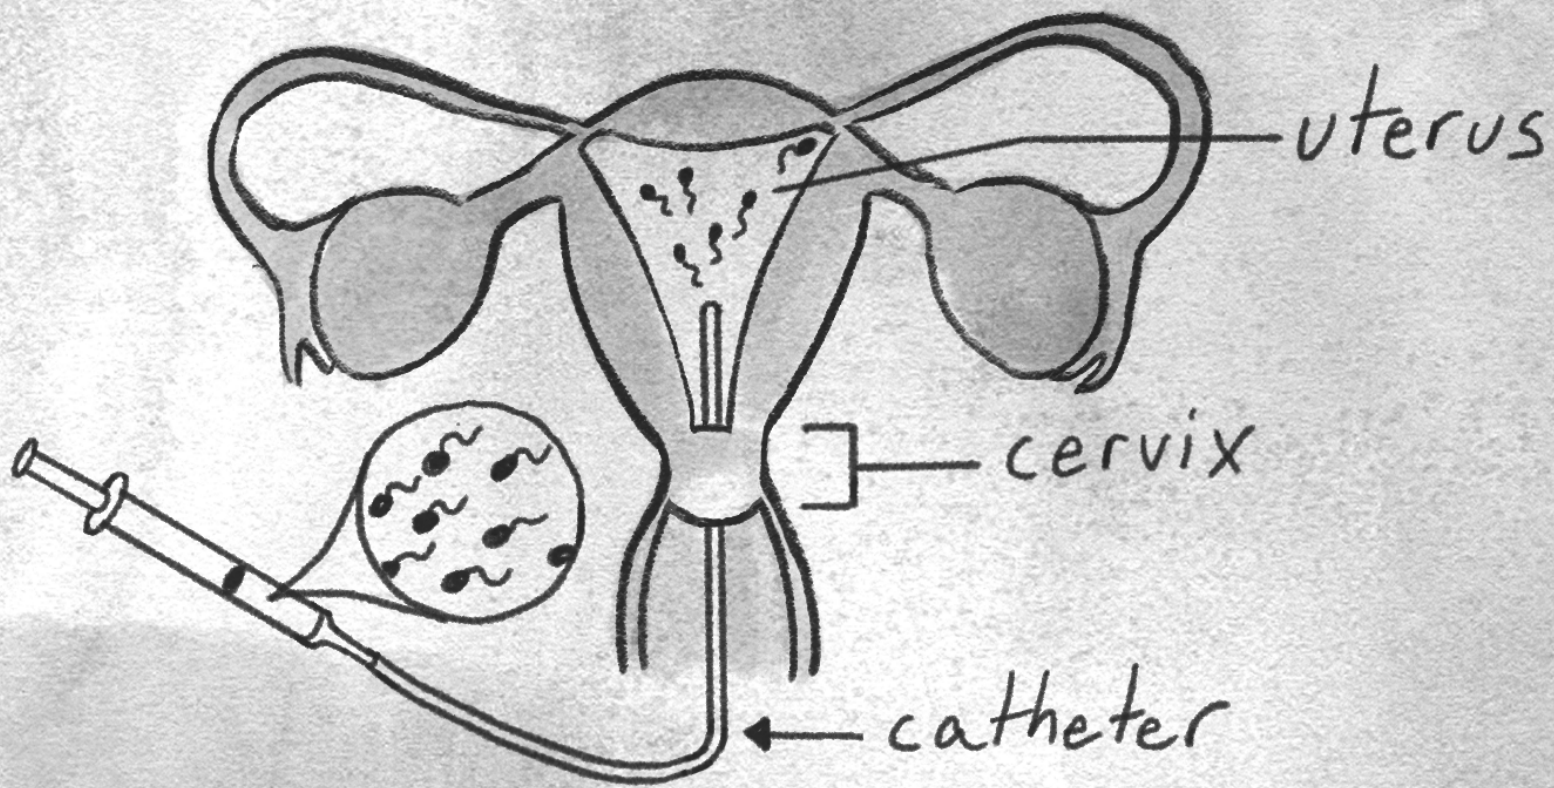

C grade or higher is viable.

But we've learned  
to tamp down  
the hope, after  
our share of  
disappointment.

2018-2020 (Before times)

At our former fertility clinic, Thảo<sup>?</sup>  
did 4 IUIs: IntraUterine Insemination

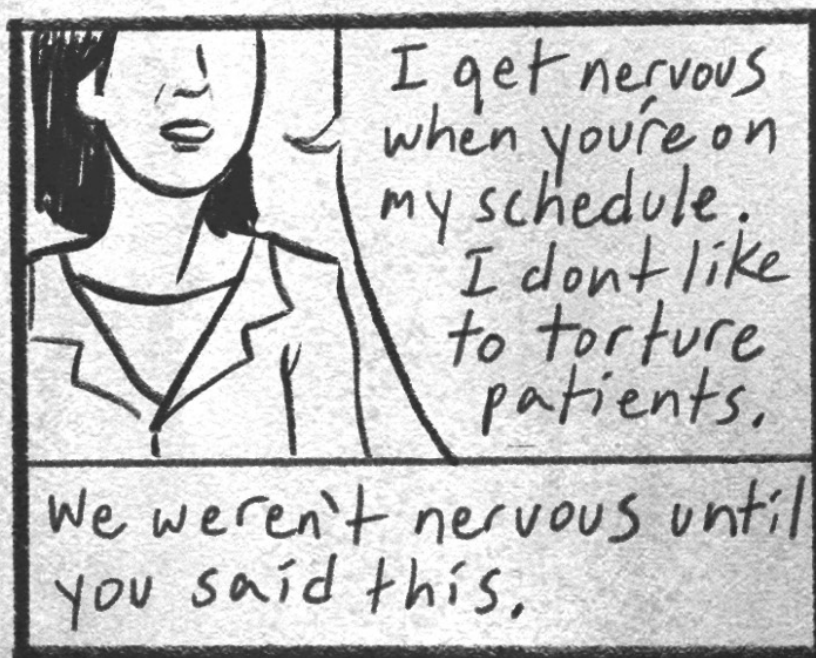

The doctors told her that the shape  
of her cervix made it difficult for  
the catheter to be inserted.

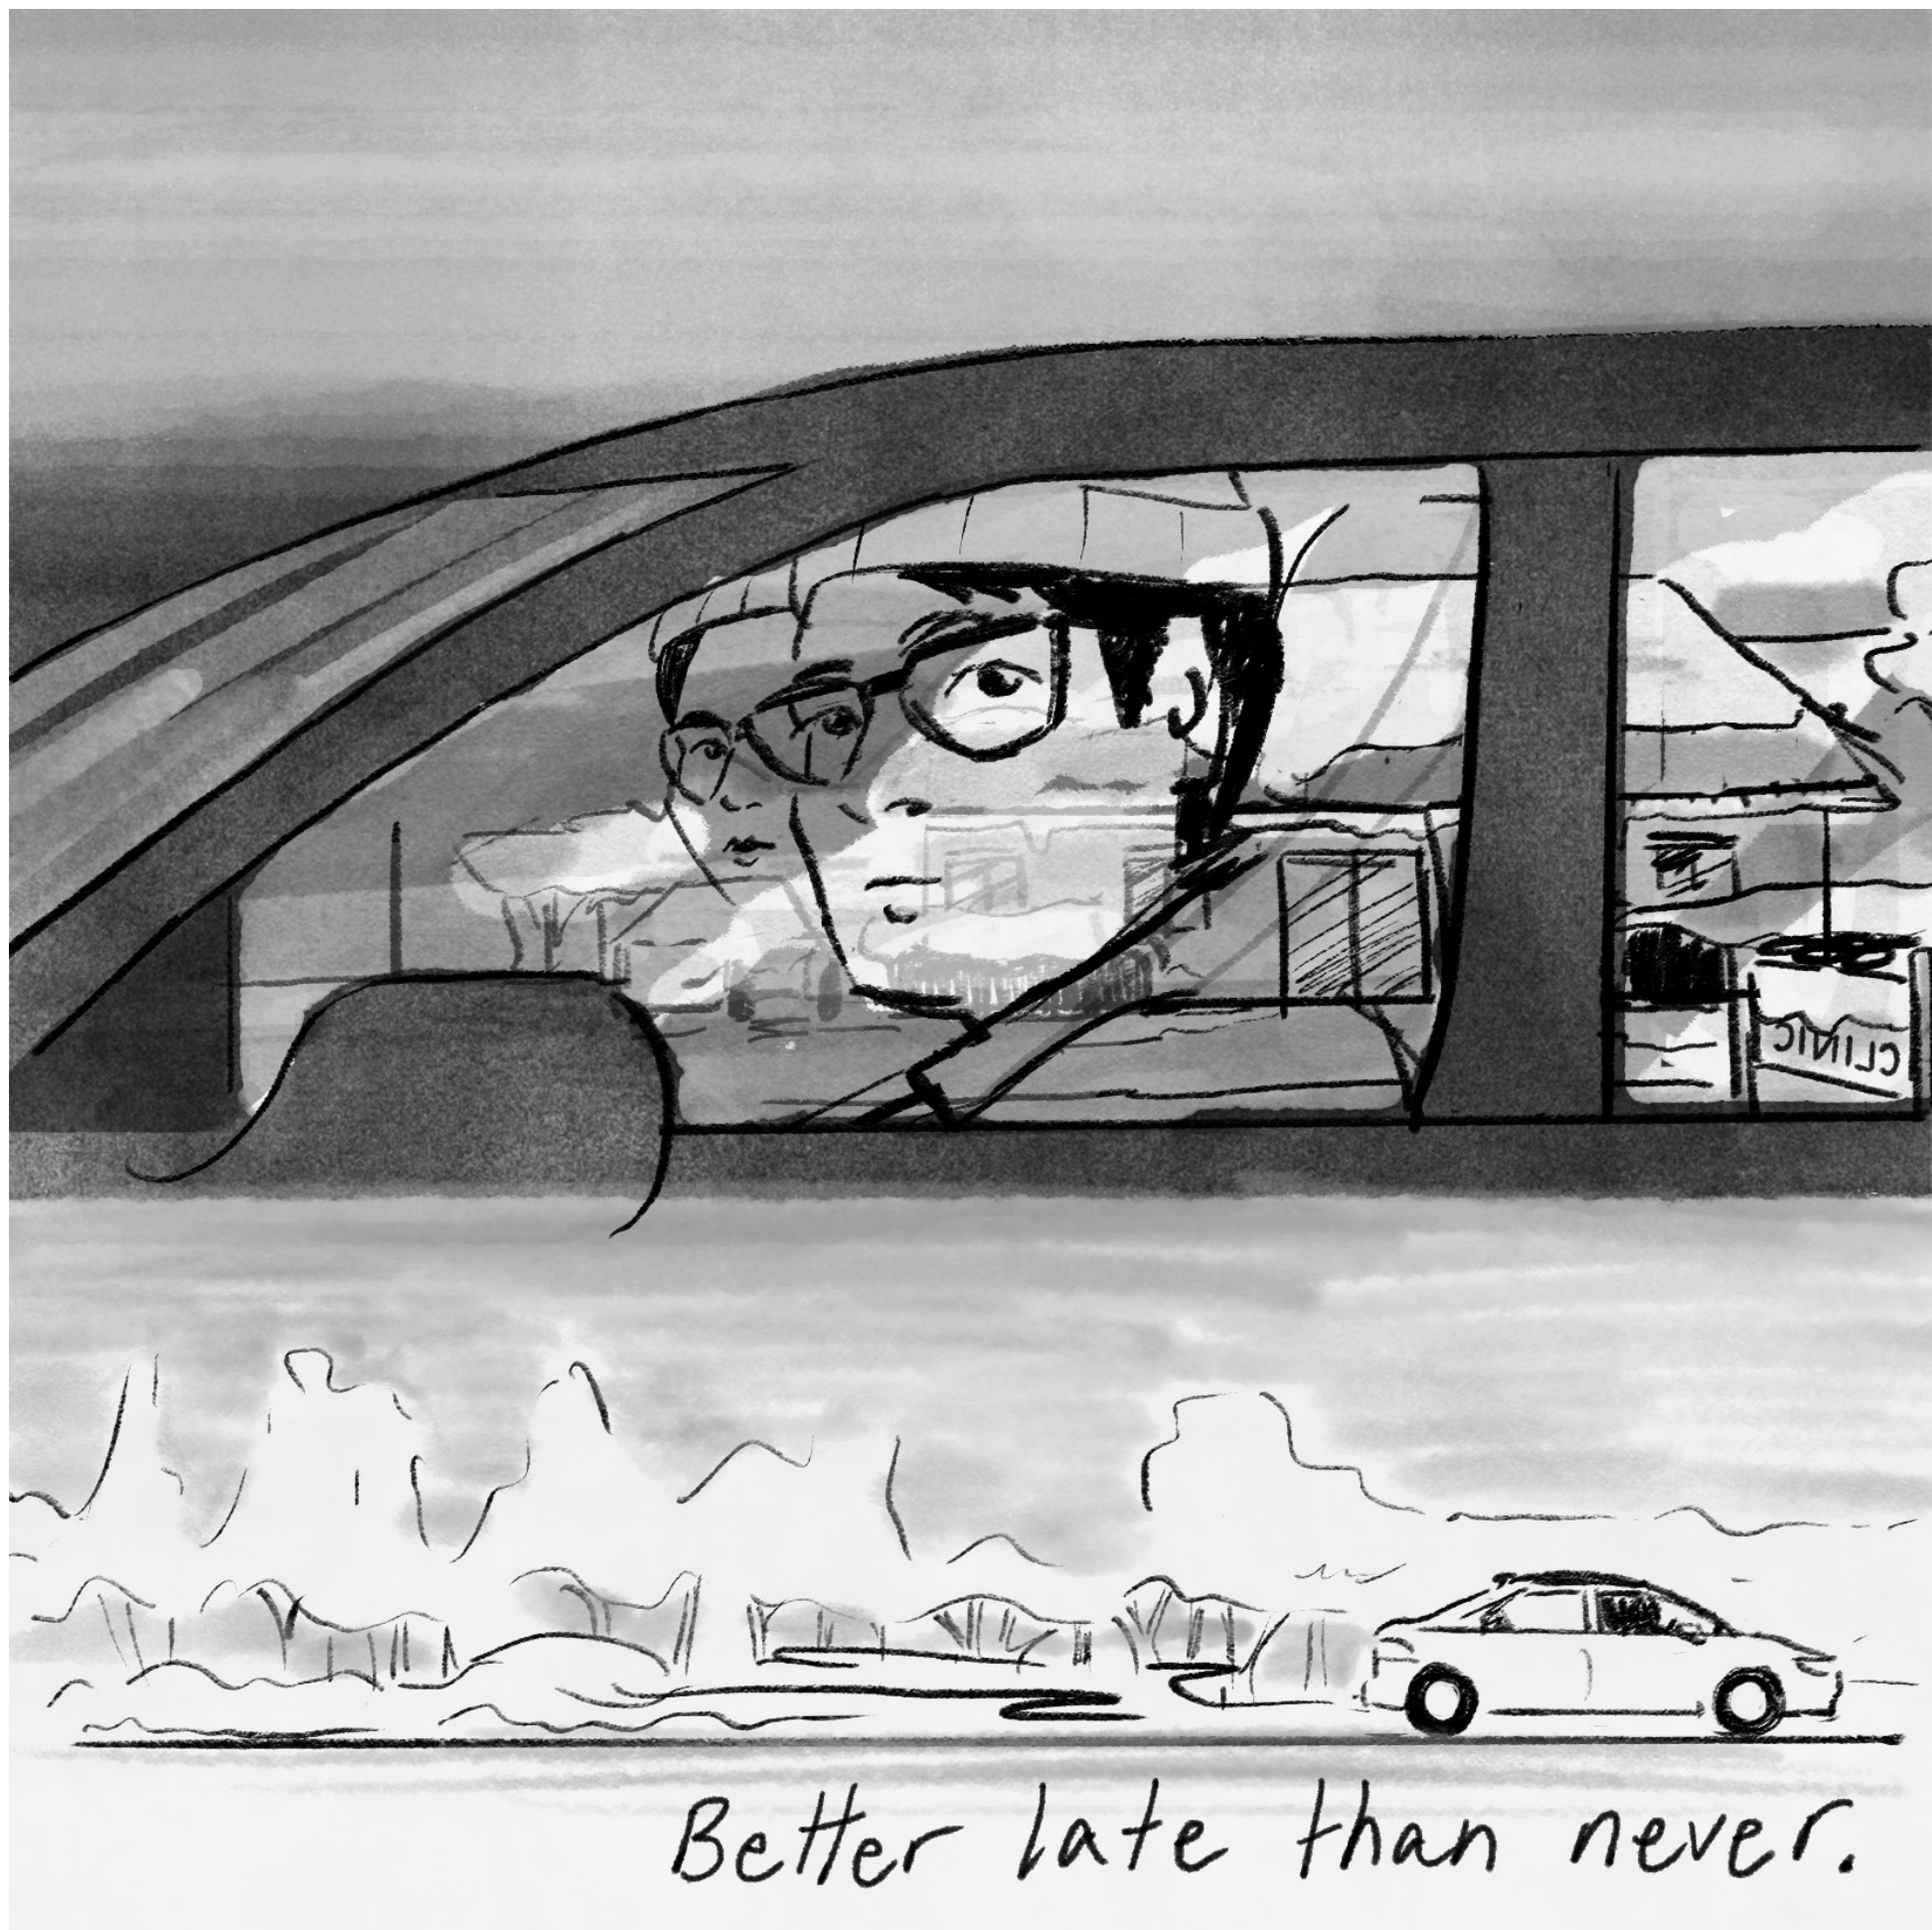

The procedures were physically painful,  
but that's not the only harm they caused:

**THINGS YOU SHOULD NEVER SAY  
TO A FERTILITY PATIENT:  
(WHICH WERE ALL SAID TO THẢO)**

Better late than never.
