

Forever let me go

Forever let me go
You never loved me too much

Forever let me go
I can't stand your touch

I can so live without
There so much for me without you

So please let me go
I will be so found if you just went away

My world is right side up
by his healing truth

No bridges burned
by my gaping heart.

You thought you could hurt me
didn't ?

So forever let me go.
