

Lyrics for the Songs on this Baker entry, words and music © Edward Weiss

## **Rocco and Foster (Everywhere Sweet in Baltimore is Somewhere You Lived or Died)**

### ***Verse***

We used to go to the harbor  
We used to go downtown  
We used to go to Station North  
We used to run around  
We use to go to The Avenue  
And Remington  
We used to go to Wyman Park  
And Mount Vernon

### ***Chorus***

But now I can't go anywhere without getting tears in my eyes  
'Cause everywhere sweet in Baltimore is somewhere you lived or died  
Everywhere sweet in Baltimore is somewhere you lived or died

### ***Verse***

I used to love to walk with you  
And see the sights and sounds  
Stop and have a bite  
Drink a couple rounds  
But now the beautiful spots we knew  
Just cut me like a knife  
All the places we loved so much  
Before you lost your life

### ***Chorus***

Now I can't go anywhere without gettting tears in my eyes  
'Cause everywhere sweet in Baltimore Is somewhere you lived or died  
Everywhere sweet in Baltimore Is somewhere you lived or died

### ***Bridge***

In the streets of Baltimore I rememeber your fierceness  
In the streets of Baltimore I remember your pain  
In the beautiful spots we knew, I think of how you loved me  
And how I'll never love the streets of Baltimore again Final Chorus

Now I can't go anywhere without getting tears in my eyes  
'Cause everywhere sweet in Baltimore is somewhere you lived or died  
Yeah, everywhere sweet in Baltimore is somewhere you lived or died  
Everywhere sweet in Baltimore is somewhere you lived or died

## **CARNABY STREET**

I dreamed of you on Carnaby Street  
I dreamed of you in the rain  
I dreamed of you talking quiet and sweet  
And I dreamed of dreaming again

What do you do when it all runs dry  
And blows away in the wind  
And you want it more than you ever did before  
But there's no way to gather it in

Oh, I dreamed of you  
I dreamed of you

And I was lying there next to you  
Now it won't go away  
The thought of you, the feel of you  
Will always stay  
'Cause all the songs the angels sing  
Aren't half as sweet  
As the sound of your bedsprings  
Creaking at me, crying out about  
How sweet my life could be

In a dream with you  
In a dream with you

I dreamed of you on Carnaby Street

I dreamed of you in the rain  
I dreamed of you talking quiet and sweet  
And I dreamed of dreaming again

Remember how we ran down that tacky little street  
In that awful grey city in the rain  
Laughing more than we ever did before  
More than we ever will again

'Cause now when it seems that we've got it made  
Something has vanished inside  
When I pull you close I feel nothing there  
When I talk, I hear only lies

But I still dream of you  
I still dream of you

I dreamed of you on Carnaby Street  
I dreamed of you in the rain  
I dreamed of you talking quiet and sweet  
And I dreamed of dreaming again

---

## **Ocean**

### **Verse**

Float out on the Ocean, I wish it was an ocean of water and not of lies, so I  
could dive beneath and swim away

And with each rocking motion, I grow sicker and I beg the sea to let go of me  
Set me free, so I could be on my way

### **Chorus**

Thought I'd love you like a sailor  
But I loved you like a fool  
Thought I'd love you like a sailor  
But I loved you like a fool

### **Verse**

I remember in a distant time, you gave eyes out to the blind  
So they could see, only you, but before long I saw through

Past the kindness that you give, into the shadows where you live  
And where you lie, and where you hide the shadows where we died

You're the hand of destiny, you're an angel that's been sent for me  
But from where?, or should I care  
about heaven or hell

### **PreChorus**

Prop me up against the rail  
Cage me like a nightingale  
Promise me I'll never fail  
And I will sing your tune

Bleed me till my strength is gone  
Lull me with a sad old song  
Tell me you know right from wrong  
And I will cheat for you

### **Chorus**

Thought I'd love you like a sailor

But I loved you like a fool  
Thought I'd love you like a sailor

But I loved you like a fool  
Thought I'd love you like a sailor

But I loved you like a fool  
I'm just a fool for you my darling  
I'm fool for your love

### **Coda (maybe)**

Fool, fool for your love  
Fool, fool for your love  
Fool, fool for your love

## **PINK AND BLUE**

You live in the Taj Mahal,  
You're pink and blue when darkness falls  
You've never been outside your walls  
But you're never there when someone calls.

You're everything I shouldn't believe  
In the darkness I still hear you breathe  
In the morning I still reach for you  
And all my dreams are pink and blue.

You live strictly inside your head  
It's like Nirvana in a single bed  
You said the future just doesn't exist  
And the past is only a mist  
But if you really think that's true  
Why do you get so pink and blue?

Oh, You're everything I shouldn't believe  
In the darkness I still hear you breathe.  
In the morning I still reach for you  
And all my dreams are pink and blue.

Sex is never good, sex is never true  
Sex is just a lie I made up for you  
Love is never sweet, love is never free  
Love is just a lie you made up for me.  
But if we don't believe the things we do  
Why do we get so pink and blue?

Oh, you are everything I shouldn't believe  
In the darkness I still hear you breathe  
In the morning I still reach for you  
And all my dreams are pink and blue.

You hit me below the belt  
You hit me below the belt.  
You said that's the only place I ever felt  
But you know it isn't true  
Everywhere I'm feeling pink and blue  
Everywhere I'm feeling pink and blue  
Pink and blue ooh ooh ooh...Pink and blue ooh  
Ooh ooh ooh ooh
