

Victory

for Steve Jobs

“Oh wow, oh wow, oh wow.”

With this triplet of iambs, you
Must have seen and sealed the deal,
Felt who you were destined
To feel, then slipped,
Freeing the wheel
Of the big snow chakra
Where each flake lifts

Light, light, light.

(“Oh wow. . . .” According to his sister, Mona Simpson, these were Steve Jobs’ final words before his death on October 5, 2011.)
