

2/11 Embryo transfer day

Her car's also buried, so I shovel it out too.

Our embryo scores give us reason to be hopeful.

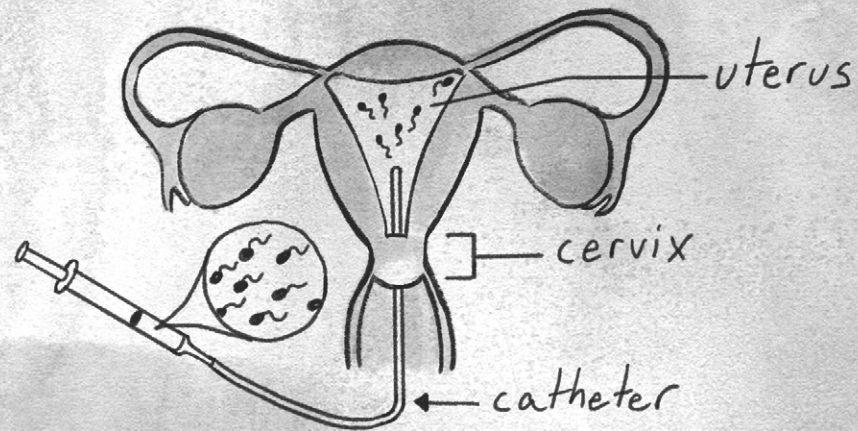

Number of embryos	Grade
2	A/A
1	B/A
1	B/B
1	C/B
1	C/D

C grade or higher is viable.

But we've learned to tamp down the hope, after our share of disappointment.

2018-2020 (Before times)

At our former fertility clinic, Thảo did 4 IUIs: IntraUterine Insemination

The doctors told her that the shape of her cervix made it difficult for the catheter to be inserted.

The procedures were physically painful,  
but that's not the only harm they caused:

THINGS YOU SHOULD **NEVER** SAY  
TO A FERTILITY PATIENT:  
(WHICH WERE ALL SAID TO THẢO)
