The force is the source, of course, of course  
To give you the answers that you'll endorse.  
You're always on a steady course  
With the force inside your head.

Consult with the force when you have doubt.  
It knows what to do. It'll work things out.  
It's listening, no need to shout  
With the force inside your head.

When coping seems impossible;  
Don't stress until you fray.  
Allow the force to plot the course.  
Where there is a will there's a way!

Rely on the force and you will find,  
It won't let you down when you're in a bind.  
It operates within your mind,  
The force inside your head!
