Drinking from the chemicals of our end.

#### HOW? (KEEP FIGHTING)

Lyrics:

Coming from the slums of never more,  
Is a child who can't take no more.  
A discounted hood champion,  
A nigga that made shortcomings his cum,  
But yet I still get no fuckin love,  
I'm on the verge of blacking out,  
The forecast is looking like red clouds,  
The seas are becoming diseased,  
There's no light, no life getting to the trees,  
So I can't even really fucking breathe.

Chorus

Is this the reality?  
How am I suppose to be?

Verse1

I'm crying, I'm crying, I'm crying  
No more, no more, no more fuckin crying,  
I can't let them take me the fuck down!

I'm coming with the motha fuckin 123

Verse1

God watch over me on the days

I can't watch over myself  
Somedays I lose faith and I believe  
It's hard to excel momma boosted out  
Them stores and my brothas had drugs they would sell but I was innocent in my ways like a tale  
of young simba silver fronts in my mouth to impress the young bitches and then I upgraded to  
golds I was a cold young nigga well cold young niggas they do really foolish things and now I  
sing this song hoping that you will think

#### Chorus

I can  
I can hear the sirens  
they're coming closer, caging me in  
he's calling out my name

off into the moonlight  
to cleanse our spirits and our minds

My motha called me up  
She said she don't give a fuck, I can't be a queen.  
I said fuck you I'mma do me,

You know what I mean?  
So I eats this rap shit up,  
Like a newborn magnet  
But I gets no static,  
Because of the shade that haunts me,  
Yea yea.

#### Keep Movin' (Negro Kai)

##### Lyrics

i'm riding in my green suzuki hatchback,  
never looking back, never looking back.  
in the battlefields of baltimore,  
where you can't afford to be no whore.  
you gotta be more than a nigga,  
i'm mansa musa,  
i'm more than a nigga.  
my heart beats like the jazz of coltrane,  
oh listen to how it sings!  
eyes be the color of purple haize,

flesh is thornz, blessed to protect.  
my soul is magical,  
i'm an old man with enormous wings,  
i'm enormous,  
yes i'm entitled,  
feelin so damn gorgeous  
flawless is the performance  
the life i lived provoked me to be this bitch.  
i'm this bitch.

the affliction of gods conviction  
emancipated the limitations of my benediction, i'm lifted.

chorus

i know it's shady and crazy  
but we gotta keep movin baby, we gotta keep movin baby.

vr 2  
i'm a king  
im a fuckin queen  
every time i step outside  
Nina Simone starts to sing,  
She sings: Baby you got to believe.  
Can I believe?  
Yes!  
Damn I feel so good,  
How dare I have the audacity to feel so fuckin free?  
Divinity is where I want to be.  
These chains so heavy, the don't mean shit to me.  
Can I breathe?

chorus
