

Marcus Cooper

3823 Cherrybrook Rd
Randallstown Md, 21133
(443)-802-5071
mcoop460@gmail.com

Objective:

My biggest goal in any career path is to optimize career growth. I am always eager to take on the next task, while learning and retaining resourceful information in the field. In order to accomplish a riveting career path, one not only needs to work hard, but also work smart. Both of which are confident abilities I obtain and steadily build upon.

WORK HISTORY

2003 - Present
(On Call)

Roadie, Sandjoe Productions – Randallstown, MD

Sandjoe Productions is part in house recording studio, part live performance set. Inventory Management, Packing, Stage setup, break down, and management are just a few of the many procedures I take part in while doing sound for jobs on the road. During in house jobs I've also composed several tracks on their latest album by Joe Cooper entitled "A New Day," which include, The Green Spirit, Studio Mix DOTC, and Track One.

Roadie
Responsibilities

- > Inventory Management
- > On Stage Management
- > Packing for shows
- > Merchandising (i.e. CDs, business cards, networking)

10/2007—Present

Photo Tech Specialist, Walgreens – Milford Mill, MD

As a Photo Tech, we deal with high value materials such as photos and video memories, with extreme care and delicacy. It is important for customers to know the safety of their orders is of high priority. This position is also a much more rounded position as it caters to customers via service, register work, janitorial duties, and inventory management.

Photo Tech
Responsibilities

- > Extraordinary Customer Care
- > Inventory Management
- > Out Dates Produce
- > Cleaning and Sanitation
- > Stocking
- > Register Work and Cash Handling
- > Receiving Truck and Vendors
- > Marking Down Products
- > Creating Price Labels on merchandise

11/2013—01/2014

Overnight Team Member, Toys R Us – Columbia, MD

Working seasonal overnights at the largest Toys R Us in the district

required swift planning and action. On a daily basis truck would have to be received, worked entirely, overstocked properly, and clean all before the store opened. The fast pace of it all came from the thousand piece loads, while executing well thought out plans to ensure the deeds were accomplished in timely matters.

Overnight
Responsibilities

- > Receiving Truck
- > Stocking
- > Inventory Management
- > Cleaning
- > Creating Signs for Products

03/2011—05/2013 **Meat Wrapper**, *Bjs Wholesale – Owings Mills, MD*
Sanitation and Consistency was the strengths needed for a Meat Wrapper. This job was consisted of a two manned team where we handled stocking and product management. During my time here, I worked with dairy products as well as multiple meats (i.e. Beef, Pork, Veal, Duck, Fish, Bison, and Goat.) Dealing with such variety, it was always the most important to maintain cleanliness in order to avoid cross contamination.

Meat Wrapper
Responsibilities

- > Sanitation
- > Receiving Truck
- > Organizing Inventory
- > Customer Care
- > Stocking
- > Meat/Fish Handling

06/2007—08/2007 **Store Clerk**, *Leslie's Pool Service – Owings Mills, MD*
A wealth of knowledge was required for this seasonal position as a Store Clerk. Knowing the difference between a plaster or plastic pool, along with which acids were needed to comply with a situation, made the fine line difference between a small fee for algae or a large fee for pool repairs. This job taught me the importance of educating the consumer in order to make smart, and trust worthy answers.

Store Clerk
Responsibilities

- > Greeting Customers
- > Zoning areas
- > Helping Customers with purchases
- > Giving proper evaluations to customers
- > Register Work

EDUCATIONAL BACKGROUND

01/2010—Present **Graphic Design Major**, *Morgan State University – Baltimore, MD*
