

Renee Henderson - Painter

I am a native Marylander and went to the Art Institute of Ft. Lauderdale upon graduating from High School. I am currently employed by Baltimore City as a Graphic Artist Supervisor and have worked there for 30 years. I do illustration and design and that has morphed into the acrylic, oils and watercolors that I do now. I found the acrylics lent itself well to the hardness and bright vibrancy of the city and having moved to Bel Air I found myself painting the county scenes in mainly acrylic and oils concentrating on layers allowing layers to peep through.
