My achievement with the art that I create is to fullfill happiness .My journey started when I was 10 years old, watching my dad sketch & paint in his spear time. Decorating my childhood room with his love and art with his special touch. In being apart of art since 1980 it's amazing finding my skills and showing more beautiful things on canvas is a blessing. My goal is to one day show the

world my work.

As a child I received prizes for my innate art talent. From a young age I always believed in creation from the mind.

I captures the dynamic awe-inspiring vistas of the majestic landscape. I realistic depictions of the transformative effects of light and color in the earth, sky, clouds, water, and flowers are life-affirming.

I have a reverence for nature and love of the outdoors. My activities include basketball, fishing camping, primarily in Smallwood Park, which inspire my choice of subjects.

As an artist I paint with soft brush and my practiced technique conveys a sense of immediacy and harmony that I feel with our natural environment. I apply the strengths of my painting to achieve rich velvety surfaces and crystal clear vibrant photograph.
