

About The Artist

Jennifer Hudson is a Maryland based cut paper artist and painter. She began her career as a painter with an emphasis on realistic nature scenes and fantasy-based illustrations. She graduated from the Baltimore School for the Arts in 2014 with a concentration in painting. After graduating Hudson became intrigued by the world of contemporary paper art. She uses various sized knives to hand cut delicate works that display movement, texture and dimension. She combines several layers of cut paper to attain highly detailed three-dimensional works. Hudson's love of the natural world is evident in the use of flora and animals in her work. She specializes in wild life art. Continuing motifs include foxes, birds, horses and delicate lace-like structures. She became a member of the Guild of

American Paper cutters in 2020 and a member of the International Association of Hand Paper Makers and Paper Artists in 2024. Hudson is also a signature member of the Society of Animal Artists. She is the recipient of the I Am Creativity Grant Award. She has shown her work in numerous juried shows and galleries across the United States. She has sold over 150 pieces of original work. When she is not creating Hudson enjoys spending time with her two dogs, Tyrion and Loki. You can view her work online at www.jenHUDSONpaperart.com . You can also follow her on Instagram @jennycutpaper.

Hudson has participated in exhibitions both nationally and across Maryland including:
