## **RESUME / BIO**

From 2005 until today, Michael has written plays and performances at The Walters Art Museum, The Strand Theater, The LOFT Center and The Spot-lighters Theater.

Michael became Founder of On-The-Road\ OTR Theater Company where a Board of Directors was organized to provide a platform for new Playwrights and inspiring Performers.

OTR Theater was established to be available for bookings anywhere in the United States. OTR became a non-profit 501c3 to also give a platform to Dancers and Singers for the Theater-stage

The OTR focus today now also includes Middle School children. We have completed in 2021 giving children Workshops in the performing-arts.
