As a visual artist I explore and experiment with a variety of media, endeavoring to investigate not only media but the presentation of images based on my personal observations. Much of my work is focused on the dynamism of the human figure and is often based upon my travels. I returned to my passion of creating personal artworks, after many years teaching Art in Baltimore County Public Schools and Towson University. My web page is <https://www.nkfishelallart.com>, I am also on Facebook, <https://www.facebook.com/NKFishel> and Instagram at nancy.fishel,
