

Greg Gensheimer

Professional Experience

General Contractor, Gensheimer Construction

August 2007-present

Baltimore, MD

Manage all aspects of residential construction projects from start to finish. Responsible for developing quotes, timelines, and designs, and executing all phases of demolition and construction. Projects include kitchens, bathrooms, custom doors, cabinetry, and built-ins. Manage sub-contractors. Extensive experience with customer service and thorough communication with clients about project expectations.

Artist and sculptor, Gensheimer Constructs

1994-present

Baltimore, MD

Construct abstract sculptural forms using wood, metal, cast concrete, found objects, bent laminations, and plaster. Member of Baltimore Sculptors.

Carpenter, Gerlak Construction, Inc.

January 2005-July 2007

Baltimore, MD

Involved in all phases of remodeling and construction on residential projects. I learned from a master craftsman of the trade.

Outside Sales/Customer Service, Eastern Lift Truck Co., Inc.

July 2000-February 2004

Capitol Heights, MD

Managed large sales territory across five Maryland counties and Washington, D.C. Researched, designed, and implemented material handling solutions, targeted new clients, and marketed to and maintained a variety of accounts.

Industrial Arts Teacher, Magnolia Middle School

August 1995-June 2000

Joppa, MD

Taught students basic construction, drafting, and architecture as well as the utilization, care and safety of both hand and power tools with a focus on problem-solving skills. Developed curriculum and innovative lesson plans. Active mentor in Odyssey of the Mind after school program for disadvantaged youth. Started a chess club.

Retail Sales Associate, Woodworkers Warehouse

September 1995-July 1996

Syracuse, NY

Advised professionals and hobbyists in tool selection and use. Sold equipment.

Mill Supervisor, PB&H Molding

July 1993-August 1995

Syracuse, NY

Managed six employees and the operation of 15 machines. Manufactured 10,000 linear feet of picture frame and architectural molding daily. Designed molding profiles, made templates and knives, and set up molding machines, sanders, and embossers. Scheduled workflow, maintained equipment and performed quality control.

Cabinetmaker, Woodwise Case

May 1991-August 1995

Syracuse, NY

Constructed custom furniture and cabinets from blueprint to installation for residential, commercial and industrial clients. Collaborated with customers and designers to finalize plans.

Teacher, U.S. Peace Corps

October 1988-December 1990

Kingdom of Tonga, South Pacific

Developed curriculum and taught courses for youth aged 10-19 in renewable energy, construction, navigation engine repair, and woodworking. Secured funding through grants, donation and service clubs to purchase tools, equipment and textbooks.

Education

Syracuse University, Continuing Education courses in Sculpture & 2D Design, 1994-96

SUNY Oswego, Bachelor of Science (B.S.) in Technology Education, 1986
