Wendy Roberts is an interdisciplinary fiber artist that weaves graphic images reflective of the interaction of color and texture inspired by the natural world.

Currently, Wendy is weaving the *Frame Series*. Each piece in this series transforms a vintage picture frame into a weaving loom exploring the tension between craft and art in weaving.

With a background in graphic design, Wendy focuses her fiber art on the relationship of texture, pattern, color and design. She has a BFA from Maryland Institute College of Art in Baltimore, MD and currently maintains a fiber studio in nearby Bel Air, Maryland. Wendy has served on the board of the Textile Society of America as the Director of Communications and on a local Cultural Arts Board that distributes grants to emerging artists.
